## 2. OBJECT AND RATIONALE OF THIS SCHEME

- 2.1 Rationale for Part C of the Scheme which deals with reduction of capital and re-organization of reserves of the Transferee Company in the manner set out in this Scheme can provide benefits to the shareholders / stakeholders as under:
- The Transferee Company had suffered substantial losses from 1999 till date, due to which the Company's retained earnings had turned into negative.
  - In the circumstances, the scheme proposes to set off the debit balance of Retained Earnings of the Transferee Company as on the appointed date against the credit balance lying under the various reserves as specified herein.

- c. The proposed reorganization of the reserves is in the interest of the Transferee Company, shareholders, creditors, and all concerned stakeholders. If the Scheme is approved, the books of the company would present a fair representation of the financial position of the Transferee Company.

2.2 Rationale for Part D of the Scheme which deals with the amalgamation of the Transferor Company 1 and Transferor Company 2 with and into the Transferee Company. Integration of the business of the Transferor Company 1 and the Transferor Company 2 with and into the Transferee Company can provide benefits to the shareholders / stakeholders as under:

The proposed merger will enable the integration of the business activities of the Transferor Companies and the Transferee Company;
- c. Economies of scale will play a bigger role as the consolidated entity's operational efficiency will increase, which will in turn allow the merged entity to compete on a larger scale in the industry, thus benefiting the merged entity and the shareholders;
- d. The combined net worth of all entities will enable the merged entity to tap into new business opportunities thereby unlocking growth opportunities for the merged entity considering the financial strength of the Transferee Company post the amalgamation;
- e. It will provide an opportunity to leverage assets and build a stronger sustainable business. It will provide an opportunity to fully leverage the combined net worth, capabilities, experience, expertise, consolidation of adjoining land parcels in MIDC, Patalganga, and infrastructure of Transferor companies and thus increase the ability for promotion of business activities as well as fund raising for business development;

4

- f. It would result in the consolidation of business activities and will facilitate effective management of investment and synergies in operations;
- g. Being a part of the same management, this amalgamation would facilitate reduction in the management overlaps due to operation of the multiple entities and more focused leadership;
- h. Reduction in multiplicity of legal and regulatory compliances, reduction in overheads, including administrative, managerial and other costs amongst all; and
- i. Consolidation and simplification of the group structure and reduction of administrative costs at the group level.
